

Loveland Softball Association is excited to announce the formation of the **Loveland Lightning!** The Loveland Lightning is a community based softball program offered by LSA, focused on developing young girls' softball and leadership skills. Girls that will be involved in the program will have the opportunity to further develop their skills through additional practice, instruction, and competitive play. The Loveland Lightning is a further development of the competitive program that LSA has offered in years past. LSA has decided to form teams earlier, so the teams will be able to practice over the winter months to be more prepared when the season starts.

LSA will be forming teams at the 10U and 12U ages for the 2017 spring season. In the future, the program may be expanded to other age groups based upon interest and talent level of the girls at an individual age level.

LSA will be holding a series of tryouts for the teams between October 4th through October 23rd. The location will be Lever Park and the dates and times will be announced soon. At the conclusion of the tryouts, the teams will be formed and coaches will be selected.

If your daughter is interested in trying out for the team, please go to www.lovelandsftballassociation.com and click on 'Register'. There is \$1 charge to register for tryouts.

We will be working on budgets for the teams in the next two weeks and will have more information about the cost of the program by the start of the tryouts.
